

#80683 6" Stand-Up Mold Template

8" w.

3.5"
Create glass figure to fit inside the above diagram with legs in indicated areas. Fuse glass first, according to your own artistic preferences. Apply glass separator to Stand-Up mold according to manufacturer's instructions. Place fused glass figure on mold in kiln and slump/drape at 350 degrees/hour to 1175 and hold for 5 minutes.

2.5"
Based on printer enlarge/shrink template size as needed to match measurements listed. Instructions courtesy Creative Paradise.

Shark Pattern

Scaled to fit on #80683

6" Stand-up mold.

Enlarge/shrink pattern as
needed to match mold.
