Instructions:

1. Using the pattern below, cut the thin clear glass to use as your base. Cut 4 of the large and 3 of the small. Note: pattern may be enlarged or reduced to create desired size.
2. Cut the sections of candy corn out of white, orange and yellow glass.
3. Layer the cut out sections on top of the clear base glass.
4. Fire to a medium fuse.
5. Use a diamond coated drill bit to create a hole $\frac{1}{4}$ " down from the top of each fused candy corn.
6. Use Suncatcher Hanging Connectors and Clear Fishing Line to hang your fused candy corn individually or to create a wind chime.
