

Fusible Pre-Cuts Project Idea Sheet

Create fast and fun Easter projects utilizing Delphi's exclusive Pre-Cut shapes. Incorporating embellishments makes it easy to add one-of-a-kind personality to every project!

Idea 1:

Decorate Pre-Cut Eggs with dichroic noodles, stringers, enamels or Glassline paints.

Add features to Pre-Cut Chicks with bits of scrap glass, stringers and more.

Pre-Cuts make a charming focal point on seasonal serving plates.

Idea 2:

Place your Pre-Cuts in the middle of a fun spring story by adding stringers, millefiori and more to create a background.

Millefiori make whimsical flowers when paired with stringer stems.

Artist: Kim Heenan

Idea 3:

Use Pre-Cut Dichroic Ovals as candy eggs. Paired with stringers, confetti and frit, your projects will be as fun as discovering an Easter Basket every time.

Artist: Liz Tyndale

Idea 4:

Create faux cathedral windows with Pre-Cuts. Position pre-cut shape on base glass or substrate and fill in background with random chips of scrap glass. This quick and easy technique makes exceptional mosaic or fused art!
