

Fused Glass Bottle Stopper

Design custom stoppers for every occasion or as the perfect hostess gift.

Project shown by artist Kayleigh McGrath.

Materials:

Ebony and Ivory Fuseworks Pre-Cut Circles 90 COE #425875

Fuseworks Mixed Confetti 90 COE #427844

Round Top Bottle Stopper #63931

E6000 Adhesive #8919

Instructions:

1. On a prepared kiln shelf, or on shelf paper in a microwave kiln, stack two pre-cut ivory circles.
2. Layer pieces of confetti on ivory pre-cuts to form a pleasing arrangement.
3. Fire to a full fuse.
4. Clean the fused round, and apply E6000 to the reverse before centering it in the round top bottle stopper.
5. Allow adhesive to cure completely.

Additional Design Ideas:

- Use Pre-Cut Dichroic Glass #425881 to add sparkle
- Embellish with Fuseworks color decals to add a personal message, monogram or image
- Use Diamond Glaze #89402 to create a layered collage art bottle stopper
